

2013 SLTFC Tackle & Techniques Workshop

March 9, 2013 from 9:30 a.m. until Noon

Morehead City Community Center

1600 Fisher Street (Use the West Side Entrance off 17th Street)

Coffee & Refreshments will be Available

Please come and join us for some "Hands On" learning with some of our Club's experienced fishermen about some techniques and skills that will help improve your fishing success in our area. This year we also will have a FOR SALE TABLE where members can bring anything (rods, reels, tackle, etc.) related to fishing to offer for sale. If you do bring any items, please have your sale price clearly marked on each item AND your name on the item.

Please find below the list of the other topics and presenters and their topics that will be feature at this year's event. Regardless of the type fishing that you do (or would like to do), there will be someone there to help you out. This year we will have some of our Kayak fishermen come in to show talk about how to do it - like what you might need, how to fish, and their experiences in the area. There will also be others to talk with you about some basic (and some advanced) rigging techniques, and how to save \$\$\$ making your own rigs.
