

## 2009 SLTFC SPEAKERS PROGRAM and PAST SPEAKERS

One of the heritage aspects of the Saltwater Light Tackle Fishing Club is its rich history of guest speakers who bring to the Club local experience and insight on fishing our area. The following provides a list of this year's speakers, and prior years' speakers who have volunteered their time to share their expertise at our Club since 1999. Most of our speakers have expressed a willingness to talk off-line to members, and a number of them are Club sponsors. If you have a question, look them up or visit their place of business and thank them for their generous support to the Club.

2009	SPEAKER	TOPIC
